Executive Smoking Shelter

The vanguard of the next generation of smoking shelters. Here, strong design aspects are counterbalanced with the functional requirements of a smoking shelter to produce a highly attractive structure that would grace the grounds of any corporate HQ.

- Attractive hexagonal shape
- Greater than 50% open to comply with current UK legislation and to allow the rapid dispersal of cigarette fumes
- Supplied in kit form with easy to follow instructions for onsite assembly and installation
- Clear Perspex sides for all round visibility
- Standard unit holds 3-5 people at a time
- Large unit holds 6-8 people at a time
- Adjustable legs for onsite levelling
- Must be bolted to 250mm thick concrete with parabolts supplied

Traditional Smoking Shelters

Recent legislation throughout the UK banning smoking in public places including the workplace has resulted in employers adopting new codes of practise to accommodate smokers.

These shelters enable employers and establishments to create a designated smoking area away from main entrances and exits.

- Robust all-weather construction
- Clear perspex sides with choice of perforated sheet steel or perspex back
- Adjustable feet for on-site positioning
- More than 50% open area to allow rapid dispersal of cigarette fumes
- Smaller shelters suitable for up to 9 people, larger shelters up to 12 people
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete for stability
- Site survey and erection service available
